

**Evaluation of Spend for Sport Premium for academic year 2021/2022**  
**Sport Premium is funded by financial year. In 2021/2022 the amount we received was £17,730**

**The Engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles**

Objective(s)	Intended outcomes	Actions (including person responsible)	Breakdown of spend	Impact on participation & attainment	How have you demonstrated sustainable improvements
To continue to provide a variety of after school sport related clubs which change regularly	A higher number of children will be able to attend a sport club over the course of a year	PE co-ordinator and Sports Coach to organise after school clubs PE co-ordinator to monitor attendance at clubs Each teacher to run at least one club for half a term each school year	No cost Some clubs are chargeable, these hours are not covered by sports premium money	Our sports coach ran a number of clubs which were chargeable. These were well attended and changed on a half termly basis.	These are sustainable for parents who are willing to pay. In addition next year staff will provide additional free of charge sports clubs to develop teams such as Cross country, netball, football. 51% of our children attended an after school club in 21 22
To develop lunchtime provision of sports activities with midday staff	A number of activities will be available to children including those provided by a sports coach on Mondays and Tuesdays	Sports coach and DHT to plan lunchtime provision and work closely with middays Sports leaders (children) and playtime pals (Y5 and 6) will be trained to support the work at lunchtime with younger children	Midday time for meetings  Sports Coach salary for lunch provision £3063.75	There are a range of resources available at lunch time, managed by middays and co-ordinated by the senior midday Our sports coach continues to provide a team activity or game at lunchtime on a rota for different key stages	This is sustainable as the sports coach is now part of our TA team and part of his salary is covered by sports premium but the amount has reduced annually and we can sustain his salary from school budget if we cease to receive sport premium. In addition Playground pals support at lunch time.

To develop provision for the daily mile for all classes	All children will participate in the daily mile each day	Each class will take time daily to participate in the daily mile around the playground	No cost	Most classes participate daily. Due to timetable pressures, children in upper key stage 2 do not participate daily	This is an ongoing activity and we are able to sustain this as it is at no cost
To have access to skill development activities for children in Early Years	Reception children participate in Balancability on balance bikes once per year over a period of a week	Reception class have access to Balance bikes to improve their balance and coordination and can use these outside with an instructor and staff	£200	The early years children really enjoy balanceability	Children develop coordination skills and physical development skills, demonstrated on the EYFSP for 21 22
To raise attainment in primary school swimming to meet the requirements of the National curriculum	By the end of year 6 all of the children should be able to swim a minimum distance	Y4 and Y5 classes to go to the pool for half a school year each (Y4 go in Spring 2 and summer term, Y5 in Autumn term and Spring 1)	Annual SLA £8300.00	This year only Year 5 went swimming as we decided it was better to focus on one class for the full year to ensure they met the requirements	We could not sustain this cost out of school budget, however, the sports premium is invaluable in ensuring that children learn to swim at least 25 metres before leaving primary school

## The profile of PE and sport raised across the school as a tool for whole school improvement

Objective(s)	Intended outcomes	Actions (including person responsible)	Breakdown of spend	Impact on participation & attainment	How have you demonstrated sustainable improvements
To develop skills of children to be Sports leaders / playground pals	A number of children will be trained to support at lunchtime in the provision of games and active play with younger children	Select and train a number of children from Y5 and y6 to be Playground pals	No cost	A number of year 5 children volunteer and are 'trained' to support at lunch time. They work alongside middays and the younger children really value to games and activities that they organize	This is sustainable. Children see it as a privilege to be a Playground Pal and take their role very seriously.
To provide a wake up and shake up session every morning at breakfast club	Targeted children will attend wake up and shake up session just before breakfast club every day	Sports coach to deliver wake up and shake up sessions each morning. Sports leaders to support the TA to do this on Friday mornings	Sports coach salary £2042.50 (cost to school)	This has been very successful and our numbers of children are growing all the time at breakfast club	This is sustainable as it can be led by any member of support staff. Sports premium supports us to do this effectively. We will continue this in future years
To experience outdoor active education	Children in specific classes will have had opportunities to learn about a topic relevant to their curriculum in an active outdoor setting	Y4 and Y5 to be given opportunities for outdoor education experience at Castleshaw centre	Annual cost for 2 day visits Y4 and Y5 £2410.00	Children go to Castleshaw and learn about rivers and Romans (2 different year groups).	We will continue with these visits as they are subsidized by sport premium and we ask for a voluntary contribution from the children

**Increased confidence, knowledge and skills of all staff in teaching PE and Sport**

Objective(s)	Intended outcomes	Actions (including person responsible)	Breakdown of spend	Impact on participation & attainment	How have you demonstrated sustainable improvements
To purchase a PE scheme to support the delivery of high quality gymnastics and improved progression in games	There will be clear progression from year group to year group in gymnastics and games	Purchase scheme and train staff on use	Cost of annual subscription £660.00	PE scheme purchased and used by all teachers	Continue to purchase the annual subscription. Children make better progress in PE than previously and teachers are more confident in planning and teaching lessons.

### Creating a broader experience of a range of sports and activities offered to all pupils

Objective(s)	Intended outcomes	Actions (including person responsible)	Breakdown of spend	Impact on participation & attainment	How have you demonstrated sustainable improvements
To continue the number and range of after school clubs for sport	More pupils will have access to sport after school through clubs which change half termly. Priority will be given to those who have not previously attended	PE co-ordinator to organise clubs with teaching and non-teaching staff in school	No cost	Our sports coach ran a number of clubs which were chargeable. These were well attended and changed on a half termly basis.	These are sustainable for parents who are willing to pay. In addition next year staff will provide additional free of charge sports clubs to develop teams such as Cross country, netball, football. 51% of our children attended an after school club in 21 22
To provide sport at lunchtimes	Children will have opportunity to be active through a range of provision at lunch times	Sports coach to provide lunchtime activities and implement a plan with middays, overseen by the DHT	Sports coach salary Already accounted for - See section above on 'The Engagement of all pupils in regular physical activity'	This has been very successful and our numbers of children are growing all the time at breakfast club	This is sustainable as it can be led by any member of support staff. Sports premium supports us to do this effectively. We will continue this in future years
To provide high quality equipment for sport throughout the school day, including lunch time provision	Children will access high quality provision of PE throughout the day	Use the expertise of the sports coach to provide new sports within the curriculum and at lunch times. New sports will also be introduced after school e.g boxing – these are chargeable to ensure	£450.00	We purchased equipment for lunchtime use, PE lesson use and club use , spending in excess of the budgeted £450 because any monies left over were spent on resources	Equipment gets lost and damaged and needs replacing on a rolling program. This will continue each year as needed.

		sustainability but are not covered by sports premium money PE co-ordinator, DHT and sports coaches and middays to organise the provision of high quality resources

### Increased participation in competitive sport

Objective(s)	Intended outcomes	Actions (including person responsible)	Breakdown of spend	Impact on participation & attainment	How have you demonstrated sustainable improvements
To attend as many of Oldham Sports development competitions as possible with a variety of age groups and teams	Children will be chosen to attend sporting events and competitions during school and after school	PE co-ordinator to continue to forge partnerships with cluster schools, TOAN and Sport Development team PE co-ordinator to manage/ support the attendance at competitions with other staff members	Transport to competitions £560	This was not as successful as we would have wished. There were a number of events planned however, many were cancelled when there was not enough participation from other schools	This will be on the next plan for the following academic year. We continue to sign up for competitions.  Money earmarked for transport and unspent was used to buy equipment for school for PE lessons
Enroll in the Royton and Shaw Primary cluster and the Oldham School Sport Initiative – enabling children to take part in inter-school competitions. (Note this also includes the costs of minibus hire to transport children to and from events.)	Children will access a range of sports in a competitive environment	PE co-ordinator to co-ordinate attendance at competitions arranged by the collaborative and arrange for suitable adults to accompany children This is sometimes the sports coach	£200 enrolment fee	This was not as successful as we would have wished. There were a number of events planned however, many were cancelled when there was not enough participation from other schools	This will be on the next plan for the following academic year. We continue to sign up for competitions
<b>TOTAL COSTS</b>			<b>£17730.25</b>
