A note from the Headteacher

The PTA will be hosting a UV disco on Thursday 20th October in the school hall. Nursery to Year 2 children are invited to the first party at 4:15pm to 5:30pm. Pupils from Year 3 to Year 6 can attend our later party at 5:45pm to 7:00pm. These are not fancy dress parties. We recommend that children choose clothing which will glow brightly under the UV light, including white or neon colours, the lighter or brighter the better. Neon accessories and neon face paints are encouraged. A glow stick will be provided with each ticket, as will refreshments and the chance to win prizes. Tickets are now on sale for £2.50, including refreshments you will need to purchase a ticket no later than Tuesday 18th October. To secure your tickets please either purchase them through the PTA Events page Crompton Primary PTA (pta-events.co.uk) or by completing and returning the consent form we have sent via ParentMail, which must be returned to school in a clearly labelled envelope along with payment to your child's class teacher. On the night, children are to be dropped off at the main entrance and collected under the canopy area.

Lara Beaumont, Headteacher

HARVEST ASSEMBLY

Well done to Year 4 for hosting our Harvest Assembly this year and thank you to our school community for your support.

Oldham Foodbank has passed on its gratitude for your kind donations.

Mr Sinkinson's clubs will not run w/c 10th October.

Parking Safely

We have had complaints that parents and carers are mounting the curb when parking outside school and putting the safety of our pupils at risk. Please do not park on curbs around school. Our footpaths should be safe for pupils to walk on.

Mental Health Awareness Day

On Monday 10th October, it is Mental Health Awareness Day. We are asking that all children come to school in their own clothes, clothing that makes them feel comfortable, and appropriate footwear for outdoors. The day will bring lots of great learning opportunities around the '5 Ways to Wellbeing'. We would like to ask that, where possible, all families donate an artificial plant (any size) to school. This is to support the development of Biophilia across all our learning spaces.
